Daily, one year, by mail, 7.50
Weekly, per month,25
Weekly, per quarter,75
Weekly, six months, 1.50
Weekly, per year, 2.00

The New Mexican is the oldest newspaper in New Mexico. It is sent to every Postoffice in the Territory and has a large and growing circulation among the intelligent and progressive people of the southwest.

ADVERTISING RATES.

Wanted—One cent a word each insertion. Local—Ten cents per line each insertion. Reading Local—Preferred position—Twenty-five cents per line each insertion. Displayed—Two dollars an inch, single column, per month in daily. One dollar an inch, single column, in either English or Spanish Weekly. Additional prices and particulars given on receipt of a copy of matter to be inserted.

THURSDAY, OCTOBER 27.

FOR DELEGATE TO THE 50TH CONGRESS
PEDRO PEREA,
OF BERNALILLO.

The Pretorian guards of Hon. H. B. Ferguson in San Miguel county are anxious to know when the voting at \$3 per vote is to begin.

The Union party officials and campaign managers in San Miguel county are singing the lovely song, "Boodle-dee," to the voters of that county.

Things are continuing to come Mr. Perea's way. Some mighty poor Democratic county tickets have been nominated during the present campaign.

Reports from all over the territory clearly indicate that the great apostle of protection, Hon. H. B. Ferguson, who is running on the Chicago free trade platform, has to do some very tall and rapid hustling to keep up with the procession.

Spain threatens to address a circular letter to the powers regarding her awful financial plight, if the United States does not modify her demands, and then submit to the inevitable. The Spaniards would save time and trouble by submitting to the inevitable first and then go to writing letters. The inevitable is a hard thing to escape, and to attempt to avoid it only prolongs the agony.

Despite the efforts of the Democratic campaign managers to make this a race issue campaign, the voters of the territory are doing some thinking. This means that Mr. Perea will be elected by a handsome majority, as all thinking men know perfectly well that Republican success at the coming election will be best for New Mexico's interests, and will benefit the leading industries of the territory.

Now that it is sure that ex-Councilman Larragante is the Democratic nominee for the council from the Taos, Rio Arriba and San Juan counties and will heartily and with might and main support the Hon. H. B. Ferguson for re-election as delegate to congress, it must be admitted, at least so think the Democratic campaign managers, that the Democratic cause has been greatly strengthened all over New Mexico.

Hon. Pedro Perea is making a dignified but energetic and thorough canvass of the territory. He is letting the Democratic campaign managers and papers do the vilifying and abusing. This is as it should be, and will tell on election day, as decent and law abiding citizens are becoming greatly disgusted with the Democratic campaign of vilification and abuse of Republican candidates for office, simply because they are Republicans.

The yellow journals, not content with the commission appointed by the president to examine into the conduct of the war, the management of the camps, care of the sick and a few other items connected with the late unpleasantness, are now demanding an investigation by congress. The chances are that should congress determine upon an investigation, the proceedings of the congressional investigation committee would be behind closed doors, and that would raise another howl from the sensation mongers in a few of the larger cities. There is no pleasing some people, no matter how much effort is made in that direction.

The Tammany leaders of New York are claiming the election of a Democratic governor by 75,000 majority and confidently announce that the legislature of that state will be controlled by the tiger at the coming session. It is evident that the lessons learned by the Democrats in the state and city of the same name when Colonel Roosevelt was bossing some of the officials in the city, have been forgotten by them. Today generally accomplishes that which he starts out to do, and this year he is having the help of a large majority of the people in the Empire state in his efforts to defeat Richard Croker's desire to recoup his losses on the English race tracks the past two years.

Mr. Perea's legislative record is clean and honest. He, during four sessions of the assembly, as member of the council from Bernalillo county, fought, and successfully at that, for economy and honesty in financial affairs. He supported every good measure that came up, and opposed every bad measure that was brought in. The legislation secured through him and with his active aid and support is among the best in the territorial statutes and has saved the territory \$1,000,000. Every measure for public advancement, in favor of free public schools and for the higher territorial institutions, and to induce immigration and capital to come to New Mexico found in him a faithful, and hard working friend. This is his legislative record, and it is one to be proud of. If elected, and everything points to the fact that he will be, to represent New Mexico in the fifty-sixth congress, his record there will be of the same character and his work there will prove of the greatest possible benefit to the territory.

Figures versus Democratic Presumption.

At this particular time (an election is close at hand, you know) much is heard concerning the failure of the Dingley bill as a revenue raiser. That the expenses of the government are much larger than the receipts; that had it not been for the war with Spain, which gave a Republican administration an opportunity to borrow money under the cloak of requiring more than was furnished by the ordinary revenue measures, the government would have been bankrupt, and a lot of rubbish of a like nature, from the free traders. A statement of the receipts under the Dingley bill for the quarter ending September 30 has been made by the Treasury department, and is of considerable interest, particularly to the Democrats, who so persistently declare that the Wilson law was a very successful measure in raising revenue.

For the months of July, August and September the receipts from customs amounted to \$48,178,954. That amount does not include any money collected under the internal revenue law, only that collected as duties on imported goods; a fact which should be borne in mind by the calamity howlers. The extra tax collected on tea by reason of the increased war duty on that article was \$2,300,000, leaving the actual amount of customs collected under the Dingley tariff law, \$45,878,954. The largest amount collected under the Wilson law for any quarter was \$44,369,998, in 1895. The year 1895 was the banner year under the Wilson law for the reason that the importers had been holding back foreign shipments awaiting the enactment of a low tariff law, and rushed in large quantities of goods during the first year that law was in force. This is shown by the fact that the largest receipts during 1894, in any one quarter, were \$35,797,243, and the largest receipts in any one quarter of 1896 were \$35,860,942. It will thus be seen that the importations during the year 1895 were unusually large by reason of the more favorable terms to the foreign manufacturers afforded by the Wilson law.

Only once since 1890 have the customs receipts of the quarter closed September 30 been exceeded, and that was in 1892 when the McKinley tariff law was in force, when \$52,686,769 were received from duties collected on imported goods. Under normal conditions the Dingley law will raise more revenue than the Wilson law ever did, and at the same time it will afford protection to the sheep and wool men, the cattle men and the growers of farm products, as well as to the manufacturers.

The Democrats in New Mexico are endeavoring to create the impression that the Dingley law (except that one paragraph which they claim was enacted by Mr. Ferguson without any help whatever) is a failure. The figures here given are authentic and are conclusive in showing up the insincerity of the leaders of the Democratic party. They claim to be protectionists when New Mexico products are concerned, and yet denounce the law which protects territorial industries; they denounce protection as class legislation and the robbery of the poor for the benefit of the rich, and yet they claim that a Democratic delegate in the lower house of congress secured the passage of protective legislation which has been of vast benefit to New Mexico. By what kind of sophistry can these two positions on protection be made to agree?

The voters of New Mexico have not parted with all their senses or traded their intelligence for 65 cent lambs, 4 cent wool and \$5 yearlings. Present prices for sheep and cattle and wool, under a protective tariff, are arguments sufficient for all practical purposes—there is no theory in them.

TERRITORIAL TOPICS

Eddy County.
There is so much shade in Eddy that it is called a town of trees. Eddy cattle growers will encourage raising and fattening young steers on alfalfa, sugar beets and corn by grazing the young stock on the open range and then forcing along on feed when grass dries up in the fall.

Chaves County.
D. H. Nichols is the new manager of the Pecos Valley road, to succeed E. O. Faulkner. Mr. Nichols has been in the valley for the last three years. Manager M. H. Crawford, of the Pecos Valley Orchard Company at Roswell, and Miss Carolyn Finch were recently married in Illinois. They will live at Roswell.

Las Vegas.
Chief Justice Mills has returned to Las Vegas from a southern trip. Twenty wagons, all hauling oats, recently rolled into Las Vegas from the fertile Mora valley.

COLONEL VENECIO JARAMILLO,
Republican Candidate for the Legislature from Rio Arriba County.

Colonel Venecio Jaramillo, the Republican candidate for the house of representatives in the 53d legislative assembly from Rio Arriba, is one of the best and most favorably known young men in New Mexico. He was born in El Rito, Rio Arriba county, February 19, 1875, and received a splendid education, attending St. Michael's college in Santa Fe, the University of Notre Dame in Indiana, and the Sacred Heart college of Denver.

At the age of 16 he was called upon to take charge of his father's business, and so successful has been that management that at the present time he is at the head of one of the largest mercantile establishments in the territory, controls large cattle interests and has nearly 40,000 head of sheep on the ranges in his county. In addition to these matters, he has charge of his father's estate, and it is needless to say that he is a busy man from morning until night.

In recognition of the sterling qualities of Colonel Jaramillo, Governor Otero appointed him as a member of his staff in the summer of 1897, and there is no more popular member of the governor's staff.

Contractor McDonald's tents along the Santa Fe right-of-way near Las Vegas burned up the other day. The fire originated from a faulty cooking stove.

Bernalillo County.
John S. Moen and Miss Bertha Irena, of Gallup, have been married. The marriage was a society event, and the groom and bride have gone to Mexico, where the former will enter the railroad service.

Mrs. Keegan and children have left Gallup to reside at Globe, A. T.

San Juan County.
Bob Caviness, the San Juan county murderer, has eluded the officers for a month, and is now, it is believed, pointed in the direction of La Plata, Colo. Rev. A. P. McCartney, recently appointed Baptist missionary by the Baptist General Association of Southwest Colorado, is holding services at Aztec. Deputy Internal Revenue Collector A. J. Loomis is in San Juan county this week.

Colfax County.
A. W. Shawyer, of Elizabethtown, was burned out of his home recently and lost everything he had. Elizabethtown postoffice has been provided with keyless boxes, and the inhabitants feel in consequence like putting on metropolitan airs.

Dona Ana County.
Alamogordo is moving to have good wagon roads. Judge Allen Blacker and family, of El Paso, will remove to Alamogordo to reside.

The Sacramento Chief blossomed out as an eight page paper, and the El Paso dailies are following its example. Alamogordo is setting the pace for El Paso. The El Paso & Northeastern road will be built northwesterly from Alamogordo to a point a few miles west of Tularosa near the San Juan hill, and thence northerly across the Carrizo flats and on to Salado and the White Oaks country. This will locate the road in the level salt grass country, and avoid heavy grades and dangers from mountain freshets.

Home seekers and investors are flocking into the Sacramentos. Thirty-two logging cars have just been brought into Alamogordo for the local lumber company. Alamogordo has a New York avenue and a wholesale store house 50x150 feet will be built thereon by R. H. Pierce.

Captain Llewellyn lost all of his railroad passes on the battle fields before Santiago, but has been pleasantly surprised to recover them in a singular manner. They were found in a saddle bag returned to the War department at the Rock Island arsenal, and the commanding officer sent the passes back to New Mexico.

Albuquerque Notes.
Rough Rider Ed Armstrong has returned from the east. Walter Butler, charged with wife desertion, has been brought back from Trinidad by Sheriff Hubbell, Butler waiving requisition proceedings. Conductor W. H. Barney, of the Santa Fe, has returned from his New York trip, leaving Mrs. Barney to visit in the east for the present.

Private Louis M. Kellogg, of the territorial regiment, has returned from the Whipple Barracks hospital very weak from typhoid fever. Appendicitis in the case of Josie Harris, the little girl mentioned in Sunday's issue as having been brought down from Cerrillos for treatment, resulted fatally, says the Democrat. Doctors Shadrach, Wroth and Carnish found that the disease had advanced to such a stage that there was no possible hope of recovery or relief, and the operation was not performed.

Las Vegas.
Chief Justice Mills has returned to Las Vegas from a southern trip. Twenty wagons, all hauling oats, recently rolled into Las Vegas from the fertile Mora valley.

REPUBLICAN PLATFORM.

The Republican party of the territory of New Mexico, in convention assembled at Albuquerque, on the 1st day of October, A. D. 1898, reaffirms its faith in the declaration of principles set forth in the national Republican platform of 1896; and it is with pride that we can again point to the fact that under a Republican administration public credit has been restored, industry revived, factories and workshops reopened and protection given to American interests, under which the people are enjoying renewed confidence and prosperity.

We most heartily indorse the Dingley tariff law, enacted by a Republican congress, despite the persistent opposition of the Democratic party. Under that law the sheep and wool and live stock interests have been greatly benefited, and the wealth of this territory benefited by many millions of dollars.

We believe in sound money, and in a volume of money sufficient for all business demands. The policy of the present administration in giving employment to labor, and protection to our various industries is a solution of the financial question. We are opposed to all financial heresies which call for cheap money, believing as we do that all money issued by the government should be of uniform and equal value.

We congratulate the country upon the great success of the present national administration, in which our president has distinguished himself as a statesman and a patriot in dealing with domestic and foreign affairs; and in which he has shown so much wisdom in upholding the honor of this nation.

We heartily approve the wisdom of the annexing of the Hawaiian islands, and we favor the retention by this government of all territory acquired by our army and navy where justice and humanity demand it. We favor the construction of the Nicaragua canal under the immediate supervision and exclusive control of the United States government, the necessity for giving employment having been more strongly emphasized by recent events.

We congratulate Governor Otero upon the success of his administration and commend him for his efforts in behalf of good government and the advancement of the material and financial interests of New Mexico, both at home and abroad, and we tender to the president of the United States our thanks for the appointment of a governor from the ranks of the people, a man who by reason of his long residence in New Mexico, and of his intimate acquaintance with the needs of our people is best able to perform the duties of an executive in this territory.

We heartily indorse the present Republican administration in all of its branches. During the brief period in which the present executive has occupied the position he fills, New Mexico has attained a place in the hearts of the American people never before accorded it. The patriotism of citizens in sending forth a larger proportion of soldiers to the Spanish-American war than is credited to any other state or territory, and the bravery of our soldiers displayed on the field of battle, are a guarantee of our right to full citizenship in the American union. We point with pride to the immortal record made by the New Mexico squadron of "Rough Riders" in the battles of La Guasima and San Juan, by which was established the intelligence, patriotism and indomitable courage of our people, and where in they have won for themselves the admiration of the civilized world, and tender to the relatives and friends of those who fell in the struggle for humanity, justice and civilization, the heartiest sympathies of a grateful people. We congratulate the nation on the return of peace, and heartily indorse President McKinley upon the careful, patriotic and successful manner in which the dignity of this nation has been preserved in the war with Spain.

We congratulate the people of New Mexico upon the appointment by the president of the present able and fearless judiciary, and commend the members thereof upon their devotion to duty and their unwavering interest in the administration of justice.

The present congress of the United States is Republican in politics, and its acts of that body favorable to New Mexico are Republican measures and cannot be credited to the efforts of a Democratic delegate from this territory. The attitude of the Republican party of New Mexico has always been consistent on the question of the admission of the territory as a state. We favored the admission of the territory when the Democratic party was united in their opposition against it. We still favor its admission, believing that there is no good reason for its exclusion from the Union as a state and believe that this can best be accomplished by the election of a delegate to congress who is harmonious with Republican politics and principles.

Our heartfelt gratitude is extended to the army and navy for their noble sacrifices in behalf of their country, and their brilliant achievements on land and water; and we emphasize our appreciation of those brave soldiers known as the "Rough Riders" who risked our territory has so liberally contributed, and whose acts of bravery and heroism have inspired the world with a new faith and confidence in American courage and valor.

We are in favor of increasing both our army and navy to a size commensurate with the interest of the country, thereby placing this nation in a position that will insure it a rightful influence and power among the nations of the earth. We believe in the expansion of American commerce and industry, and in the full protection of American citizens everywhere; wherever the American flag has been hoisted in the name of humanity and freedom, we believe it should stay until every vestige of despotism has been removed.

ALAMOGORDO
NEW MEXICO.
THE CITY OF MOUNTAIN AND PLAIN.
ANY KIND OF CLIMATE YOU WANT!
THE SACRAMENTO AND GREAT PLATEAU.
CONNECTION BY 22 MILES OF MOUNTAIN RAILWAY.

is beautifully situated at the foot of the SACRAMENTO MOUNTAINS. Grand Scenery, Pure Mountain Water, Perfect Fruit Lands, and Abundant Game. CONVENIENT TO THE MOUNTAINS. IT IS THE NATURAL SANITARIUM OF THE UNITED STATES. Free Home-sites in Mountains of Pure Land and abundant fruiting, and Manufacturing, Fruit Growing, and Business Quarters. AT THIS TURNING LITTLE CITY. **ALAMOGORDO.** ON THE LINE OF THE EL PASO & NORTHEASTERN RY.
